v26.9.5

v27.03

v3.2.2

v3.4.2

KNOWLEDGE AUTHORITY ORDER

Tier 1 – Governing Authority

1. Framework Specification
2. Daily Framework Review Protocol
3. GPT Instructions

Tier 2 – Active Production Authority

4. Production Baseline
5. Current Approved Production Script

Tier 3 – Current Supporting Artifacts

6. Dashboard Quality Reports
7. Validation Reports
8. Timing Reports
9. Mapping Documents
10. Framework Update Log

Tier 4 – Historical Reference Artifacts

11. Historical Scripts
12. Historical Framework Reviews
13. Script Archive

Framework Specification remains the governing authority.

Current Approved Production Script remains the implementation baseline.

Historical reference files shall not override current governing architecture.
